IN THE NAME AND BY AUTHORITY OF THE STATE OF TEXAS:

Before me, the undersigned Assistant District Attorney of Harris County, Texas, this day appeared the undersigned affiant, who under oath says that he has good reason to believe and does believe that in Harris County, Texas, SARAH SUGGS, hereafter styled the Defendant, heretofore on or about December 10, 2021, did then and there unlawfully, intentionally and knowingly cause the sexual organ of J.V., a person younger than seventeen years of age, to contact the mouth of the Defendant.

Probable Cause

Affiant, Detective R. Brown, a certified peace officer employed by Cy-Fair ISD Police Department, believes and has reason to believe Sarah Noel Suggs (White/Female, 11/13/1974), hereafter styled the Defendant, committed the felony offense of Sexual Assault of a Child on or about December 10, 2021, inside a vehicle parked, on the victim's residential street, located within Harris County, Texas.

Affiant's belief is based on the following facts:

On December 13, 2021, three days after incident, Affiant was assigned this case to investigate. Affiant then traveled to Langham Creek High School to meet with administration and the parents of an enrolled student. The parents wanted to inform administration of disturbing information they found on their son's cell phone. Their son, identified by his initials J.V. and hereafter the Complainant, is a 15-year-old male, and a student at Langham Creek High School. The disturbing information provided by the Complainant's parents consisted of text messages between Complainant and someone identified as S. Suggs. After cross-referencing messages, Complainant's mother discovered that S. Suggs was Sarah Suggs (Defendant), who she knew to be her son's English teacher at Langham Creek HS. Complainant admitted to his mother that he had sexual contact with the Defendant inside her vehicle on Friday night, December 10, 2021. Complainant stated that the location where this occurred was in the cul-de-sac down the same street of his own home address. Complainant disclosed to his mother that he and the Defendant kissed each other, with him receiving hickeys on his neck from her, and receiving oral sex from her as well that night.

Complainant's mother produced many screen shots of texts from Defendant with several stating "So do you wanna link up... jus ride with me...I can't be out that long anyway...all talk...no action...feel your hands on my ass...I wanna bite that bottom lip...press my pussy up against that dick while I'm kissing your neck..."

Complainant's mother also produced pictures of her son which depicted him with two bruises/red marks (aka hickeys) on both sides of his neck which he stated was caused by Defendant on that same night.

Complainant was then interviewed by CFISD Human Resources Investigator Claudia Hernandez. During this interview the Complainant stated that the communication between him and the Defendant began on "Remind 101" shortly after he transferred into her English Class (in and around November 1, 2021.) Remind 101 is a way for teachers to communicate on line with students and their parents. Complainant state that he and the Defendant exchanged cell phone numbers and began texting one another after hours. He stated that the messaging then moved to social media; specifically Snapchat. Defendant sent Complainant sexually explicit videos of herself masturbating and pictures of her breasts in various stages of undress. Complainant reported that Defendant asked him for pictures as well. He admitted to sending Defendant a photo of him holding his penis in his hand. Photos and videos were sent and received via Snapchat, and Defendant did not allow him to save the images. He stated that Defendant told him she could "lose everything" if their relationship was known. Defendant shared photos of her husband and family with him and texted him as late as one o'clock in the morning and on weekends.

Defendant called and messaged him via text on his cell phone to meet her outside his home on Friday, December 10, 2021. Complainant walked out of his house and towards Defendant's vehicle, which was parked at the end of his street in the cul-de-sac. He entered the Defendant's black Honda Odyssey from the passenger side door at the second row. Defendant entered the second row via the driver's side sliding door, and she removed the center console. That allowed for his seat to slide over to hers, making for a bench-like seat. He and Defendant talked for a while, then began to kiss one another. Defendant proceeded to suck on his neck, leaving two marks on either side of his neck. Both marks were visible on Monday, December 13, 2021, despite his efforts to remove them all weekend. The Complainant stated that the Defendant straddled him, and he could feel his penis against her vagina. Both were wearing clothing, and there was allegedly no skin-to-skin contact. Complainant took his own pants off and left them on the floor of her vehicle while Defendant performed oral sex on him. Complainant digitally penetrated Defendant's vagina with the fingers of his left hand, but he denied sexual intercourse. End of Interview.

Complainant made a hand drawing of the incident location on a one-page piece of paper. The drawing depicted the location of the Defendant's vehicle when he received oral sex from her. The location drawn was at the end of his street in a cul-de-sac. The location is within the Cy-Fair School District which is also within Harris County.

Complainant identified Defendant by name and sight as his English Teacher at Langham Creek High School. CFISD records reflect that Defendant has been employed with CFISD since 8/4/2005. Defendant is a white female, TDD # 19190395, date of birth 11/13/1974, and age being 47 on incident date. CFISD records also reflect that Defendant was the Complainant's English teacher at Langham Creek High School, Room #2608. CFISD records also reflect a photo of Defendant that matches the Defendant's photo in Complainant's cellphone text and photo stream.

Juvenile Witness, identified as the best friend of the Complainant as well as a student at Langham Creek High School, stated that on 12/10/21, he was at the Complainant's home when he overheard the Complainant receiving phone calls from the Defendant. He heard the Defendant say to the Complainant to "get rid of him" (the juvenile witness) so she could come over. Eventually the Defendant arrived to the Complainant's home. Both the juvenile witness and the Complainant went outside and got into the Defendant's black van, where Defendant then drove him (juvenile witness) to his own home to be dropped off.

The Juvenile Witness was already aware that Defendant and Complainant had been having an ongoing sexual explicit communication consisting of nude pics and videos. He states that Complainant advised him the day after 12/10/21, that Complainant had received oral sex from the Defendant the night before.

Affiant, on 1/14/22, contacted Defendant via phone, who stated that on advice from an attorney she did not wish to give a statement. Defendant had been initially placed on administrative leave pending investigation and had officially resigned from CFISD back on 1/10/2022.

Affiant, during investigation, obtained from Complainant's parents a Consent to Search for the Complainant's phone. Affiant was able to find through a forensic analysis numerous text messages that corroborated the Complainant's statement. The texts were sent from the Defendant's phone to the Complainant's phone which were read to be very direct and sexually explicit. These texts described the sexual intent Defendant had for their meeting on incident date.

On December 22, 2021, the Complainant participated in a forensic interview at the Children's Assessment Center with Interviewer Ms. Chapa. Affiant reviewed the interview and noted that at the beginning of the interview the Complainant was able to demonstrate the difference between the truth and a lie, promising to tell the truth. When asked why he was at the Center, the Complainant advised it was because he had an altercation with his teacher, hereafter referred to as the Defendant.

Complainant stated it started around the time he was first placed in her class. Around November. The way they started talking was that she called him first. He then called her. He then asked for her SnapChat. She eventually sent him a video. He responded and she asked if he was flirting with her. He said no. He did tell his best friend about their communication.

Complainant named Defendant by her name and stated that she was his teacher. They communicated by voice calls, texts, videos, and SnapChat. In and around November she was trying to meet up with him. She would say "wanna meet up". He stated it became irritating. It started off normal but then became sexual. In December it was almost like every day.

On day of incident, Friday, him and his best friend were playing Call of Duty and then watched a movie at his home. Complainant stated his friend was still at his house when the Defendant called. The friend and the Defendant talked on the phone about normal stuff. The Defendant then called the Complainant back and told him to let her take the friend home and then the Complainant can go with her. The Defendant came to the Complainant's house, picked up him and his friend, she dropped the friend off at his house, and then she drove and

parked in a culdesac near the Complainant's home. The Complainant stated that while they were in the car, they made out and the Defendant gave the Complainant oral sex (her mouth contacting his penis.) The Complainant also stated that he stuck his hand down the Defendant's pants to touch her vagina.

The Complainant stated that when he checked his phone, he saw three missed calls from his mother, so he went home. When he got home his mother asked where he had been. She took away his phone because he didn't respond when she had text'd him. The next morning his mom asked him if he had been messing around with his teacher. He said yes. Since he didn't have his phone he does not know if Defendant had tried to contact him back.

Complainant states that Defendant had also sent him nude pictures and videos. A nude breast picture in November. She sent a video of her masturbating in November as well. He could see her face in some pics. No face in video. But it was sent directly to him from her SnapChat. The background in the video had a white bed with tall poles. She used her fingers, had maybe black fingernails. She sent two to three videos in the same day. None after that. He doesn't remember what they talked about after the videos. But his reaction to receiving them was "it's cool". He did not show the video to anybody because the videos disappear on SnapChat. She sent pictures like every day, like her breasts. He sent her a picture of his penis.
