3/18/2019	Per the Court:	
	Comments: The State stipulates the Defendant is not a Danger to the Community. Danger Hearing held. The Court finds Defendant is NOT a Danger to the community and makes the following findings: The Court held a danger hearing, at which the State and Defense stipulated that Defendant is not a danger to the community at this time. Defendant has been on probation since June 2017, and this is her first violation. The violations are of a non-violent nature, specifically the ownership of two devices that connect to the Internet. The State proffered that the devices were not used for illegal purposes. The Court advised Defendant that a future violation might make it harder for her attorney to argue that she remains amenable to non-incarcerative sanctions. At the present time, however, the Court finds that she is not a danger to the community.
